

Dear Parent/Guardian,

ISC Coronavirus Parent Survey 2020

As a member of the ISC, Beeston has been sent this invitation to participate in their Coronavirus Parent Survey 2020. The survey is designed to help us and the wider independent school sector understand what parents experienced during the COVID-19 lockdown last term.

It would be most helpful if you found the time to complete it. You can access the survey online using the following link (If the link does not seem to work, please copy and paste the link into your web browser):

<https://dataportal.isc.co.uk/ParentSurvey/Welcome.aspx?SurveyID=124642>

The survey should take no more than 10 minutes to complete, but it must be completed in one sitting. Therefore, it is recommended that you use a reliable internet connection when completing it.

Please do not complete this survey for a child who started at the school in this (autumn) term as the survey is related to the previous (summer) term. If you have one child at the school, please only complete the survey once. If you have more than one child at the school and your children had different experiences of the lockdown period, you may complete the survey multiple times (to start the survey afresh, you will need to click on the above link again). If you have children at another independent school, you may receive a separate request to complete the survey, which you may complete for that school, ensuring that you use the link supplied for that school.

Please be assured that all responses are treated in strictest confidence and your answers will only be used to perform aggregate analysis for our school and the sector as a whole.

If you have any problems accessing the survey, please contact the ISC Research and Data Team (research@isc.co.uk). It would

Kind regards,

Fred de Falbe
